

Hysyn FR FG 46

PATENT PENDING

Product Description

In partnership with Industrial Oils Unlimited, Chemikel Industries is proud to distribute Hysyn FR FG 46, a water glycol based hydraulic fluid formulated specifically for food processing plant applications. HYSYN FR FG 46 is fire resistant due to high water content, making it a perfect product for use in meat processing plants for the cooking side, specifically oven, fryers, and other high temperature cooking equipment. Hysyn FR FG 46 is NSF H1 registered for use in applications in food facilities in where there is a possibility of incidental contact with food.

Typical Properties

Product Number	971551
pH, neat	8.5
Color	Slight Golden
Appearance	Clear and Bright
Viscosity @ 40°C	45.0
NSF H1 Approval	166520
